

KEYSTONE CLEANROOM  
PRODUCTS

# EQUIPMENT, RACK, AND CART COVERS

*An ideal choice in pharmaceutical operations to help keep clean equipment protected from cross contamination.*

# Ensure Maximum Compliance and Simplify your Operation

Keystone Cleanroom Products' range of equipment, cart, and rack covers can be used as autoclavable covers or as an effective means to keep cleaned equipment protected from external contamination sources. These are also available in pre-sterilized versions for use in aseptic production environments.

---

## Pre-Sterilized Tyvek Equipment Covers

## 1422A Tyvek® GMP Covers
